

# WHAT IS THE INTERNET?

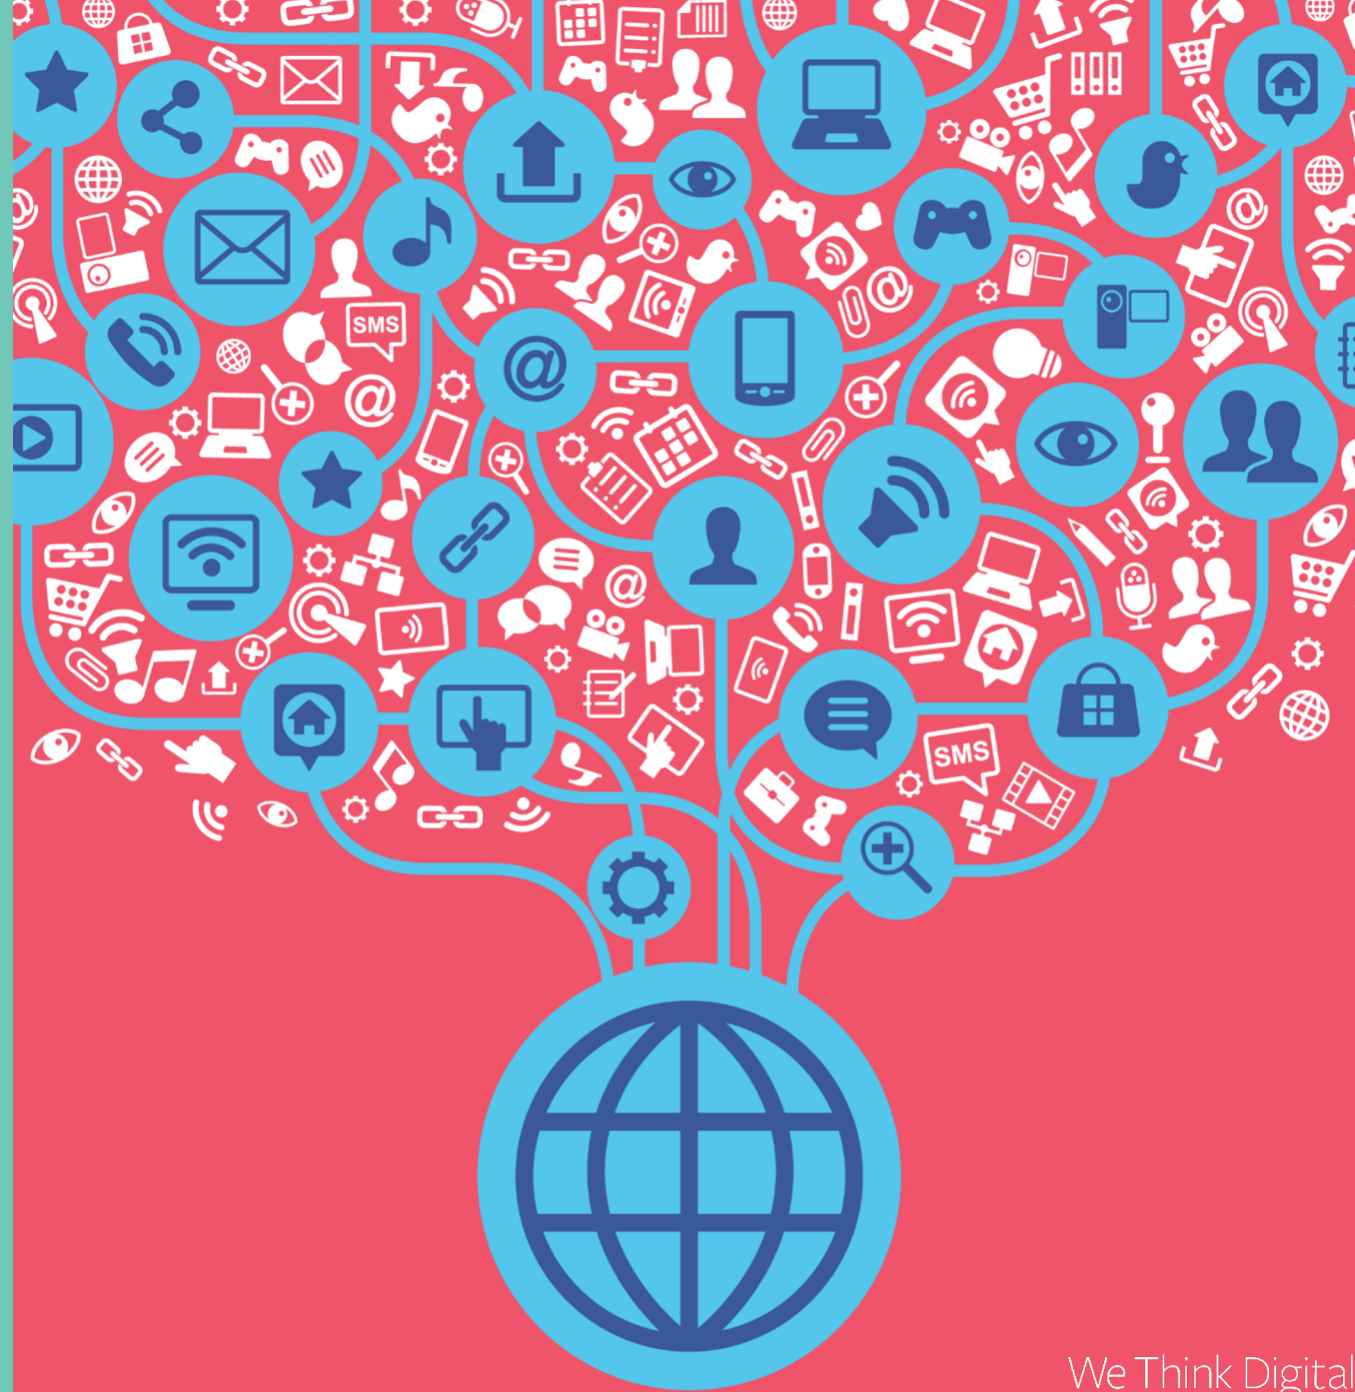

# ACTIVITY

## How I Use the Internet

1. Get into your respective groups.
2. Brainstorm: What do you use the Internet for?
3. Create a mindmap, and list out in different categories on the mahjong paper provided.

How do  
you use the  
internet?

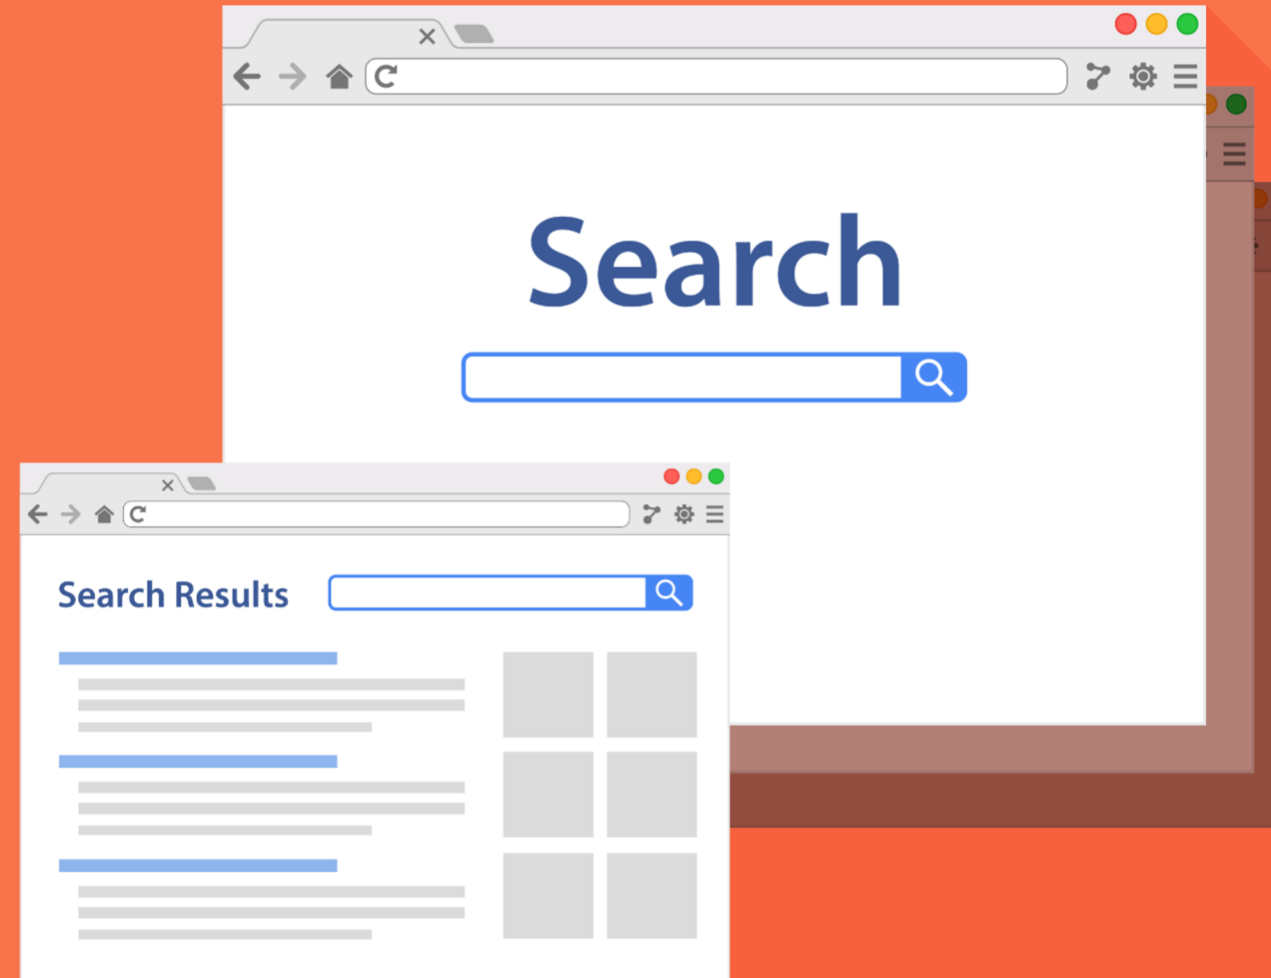

Browsers  
let you access  
websites

Using the internet  
to find  
information

# Social media networks

# Instant messaging

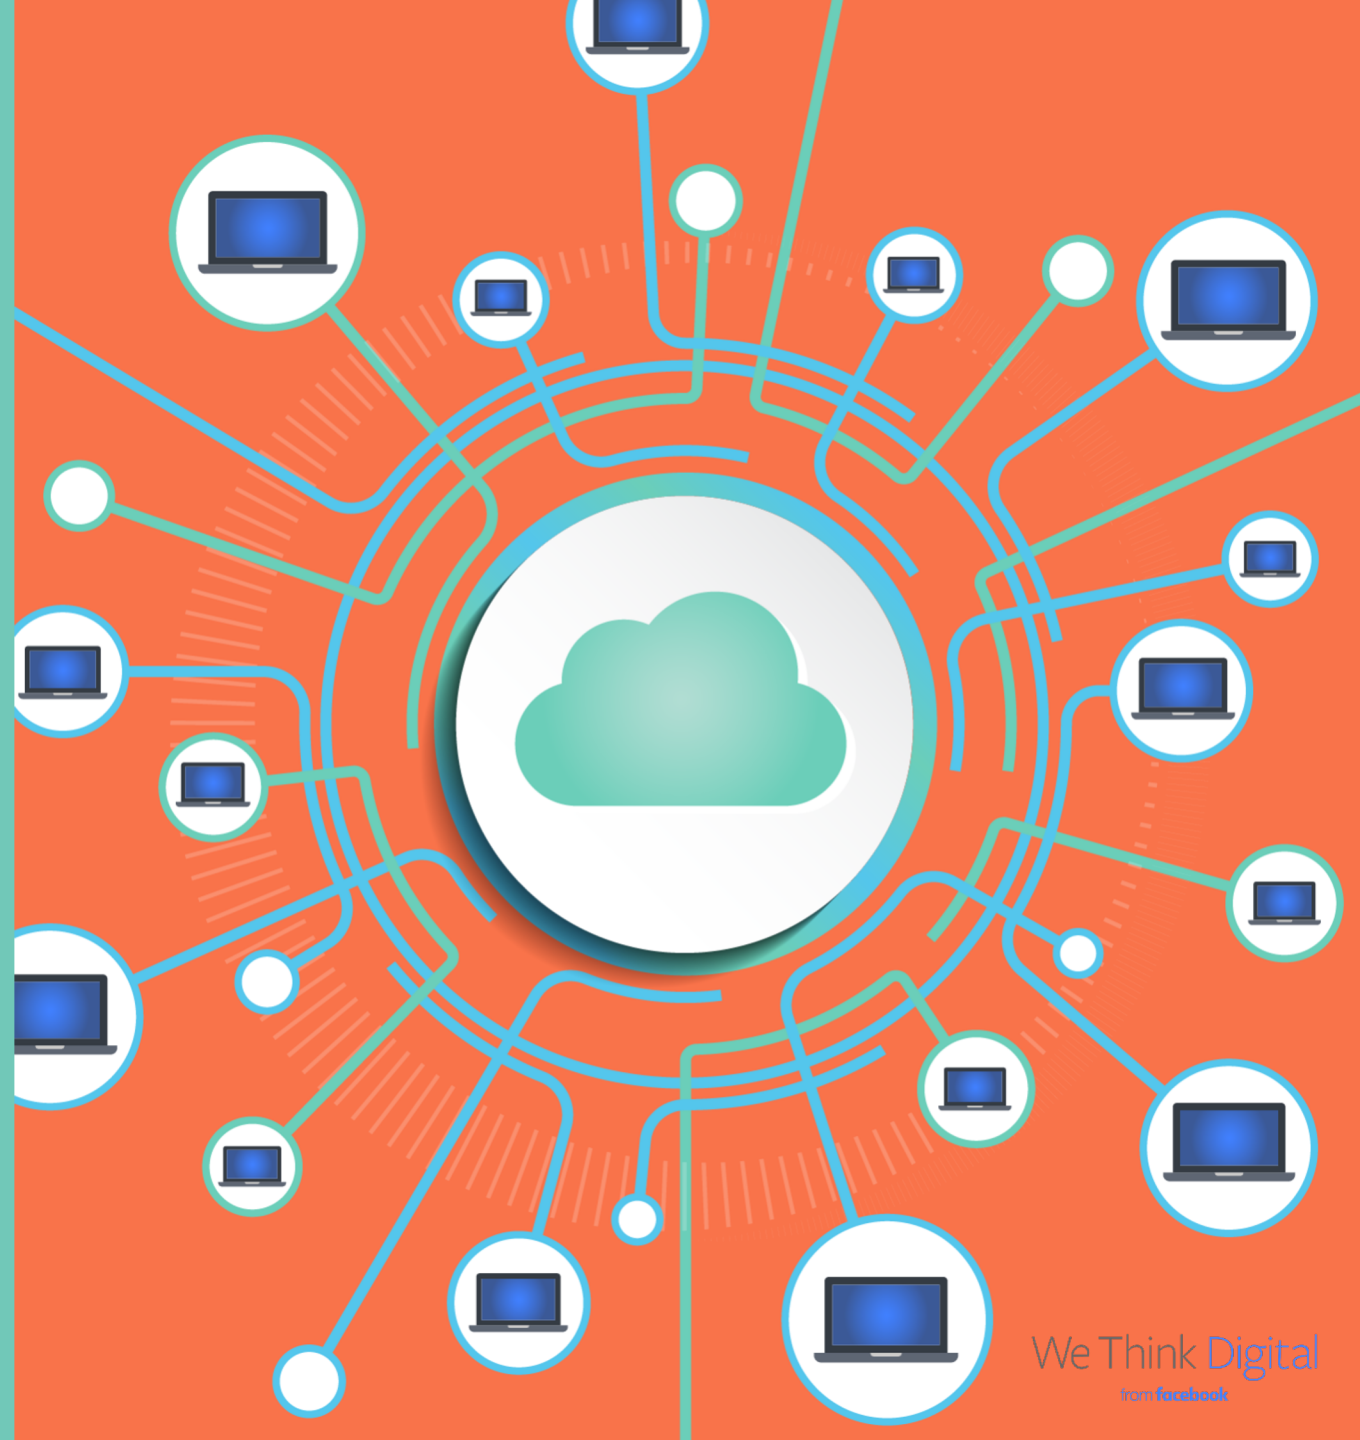

Sending mail electronically

Internet

A network  
of connected  
computers

# ACTIVITY

## Information Transfer

1. Now, I want everyone to line up in a big circle and ready for Zip Zap Boing
1. Zip is where you could pass to anyone opposite yourself, zap is for anyone beside you, and boing is to bounce it back to the person that zip-ed you

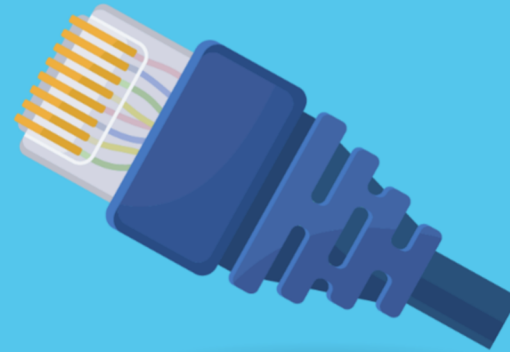

Computers are connected by:

---

cables and wires

wireless links

Information  
travels from one  
computer to  
another

# Digital information

Thank you
